What diopter reading glasses do you need?

Read from a distance of 35cm/14inches without glasses.

+3.00 Books are a uniquely portable magic.

+2.50 Flexibility is the capability of withstanding damage and figuratively to what can undergo change or modification.

+2.00 Identify the words in print – a process called word recognition.

+1.50 Construct an understanding from them – a process called comprehension.

+1.00 Reading in its fullest sense involves weaving together word recognition and comprehension in a fluent manner.

For near vision and reading only. Not for driving or vehicle operation, distance vision or use as eye protection. Only regular eye-care professional eye examinations can determine your visual needs and eye health.

Compact
easy to carry

A collection of stationery items is arranged on a white surface. In the top left, a yellow and black stapler is partially visible. Below it, a spiral-bound notebook with a white cover and silver binding is open. A silver ballpoint pen lies horizontally across the notebook. A pair of black-handled scissors with the brand name 'flexsee' and a logo on the handle is placed over the notebook. To the right, several colorful sticky notes (pink, orange, yellow) are visible. The text 'Lighter frame' is printed in a bold, italicized font in the upper right quadrant.
